

Advising Essentials for Students

Below are some of the most valuable links for navigating your degree program, preparing to meet with your advisor, and being an informed advisee.

DegreeWorks

Your one-stop shop for evaluating your degree progress! See which requirements you've met, which ones remain, and which courses would fulfill them. You can even see what your progress would be if you switched majors using the "What-If" analysis.

Course Search

Ready to build a schedule? See all of Three Rivers' class offerings for a given semester, and filter by subject, days, times, and instruction format. Instructor, textbook, and room information is here too. Write down the CRN numbers for your top choices!

Course Descriptions

Find a class with an interesting name but have no idea what it's about? Course descriptions are here for you, along with prerequisite and credit information.

Three Rivers' Transfer Credit Database

Wondering if that class you took somewhere else will transfer to TRCC? This database contains all courses that have successfully transferred in the past. If your course doesn't appear here, it may not transfer, or it may not have been evaluated before.

Graduation Information and Application

Ready to walk? Double-check that you've fulfilled your requirements, apply online to graduate, and learn all about the process behind getting that diploma!

Three Rivers' Programs of Study

The complete list of TRCC's degrees and certificates, along with their course requirements and printable planning sheets. Plus, learn what counts for specific elective categories.

myCommNet

You know it. You love it. Your central hub to pretty much everything — access school email, Blackboard, DegreeWorks, find your advisor, register for courses, and more!

Who You Gonna Call? (And for What?)

You've got questions; we've got answers. Below is the contact information for the departments you'll use throughout your time at Three Rivers.

We love questions, so don't hesitate to get in touch!
